GENERAL INFORMATION ABOUT THE ANNUAL MEETING

This proxy statement, along with the accompanying notice of 2011 annual meeting of stockholders, contains information about the 2011 annual meeting of stockholders of Alphatec Holdings, Inc. (the "Annual Meeting"), including any adjournments or postponements of the Annual Meeting. We are holding the Annual Meeting at 2:00 p.m., local time, on Thursday, June 9, 2011, at the offices of HealthpointCapital LLC ("HealthpointCapital"), which are located at 505 Park Avenue, 12th Floor, New York, NY 10022.

In this proxy statement, we refer to Alphatec Holdings, Inc. as "the Company," "we" and "us."

This proxy statement relates to the solicitation of proxies by our Board of Directors for use at the annual meeting.

On or about May 6, 2011, we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Although not part of this proxy statement, we are also sending along with this proxy statement our 2010 annual report, which includes our financial statements for the fiscal year ended December 31, 2010.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on June 9, 2011. Why is the Company Soliciting My Proxy?

The Board of Directors of Alphatec Holdings, Inc. is soliciting your proxy to vote at the 2011 annual meeting of stockholders to be held at the offices of HealthpointCapital, on June 9, 2011, at 2:00 p.m., local time, and any adjournments of the meeting. The proxy statement along with the accompanying Notice of 2011 Annual Meeting of Stockholders summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

Who Can Vote?

Only stockholders who owned Alphatec Holdings, Inc. common stock at the close of business on April 15, 2011 are entitled to vote at the Annual Meeting. On this record date, there were 89,026,061 shares of Alphatec Holdings, Inc. common stock outstanding and entitled to vote. Alphatec Holdings, Inc. common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. A stockholder may revoke a proxy before the proxy is voted by delivering a signed statement of revocation to us at 5818 El Camino Real, Carlsbad, CA 92008, Attention: Ebun S. Garner, Esq., General Counsel, Senior Vice President and Secretary or Michael O'Neill, Chief Financial Officer and Vice President. The proxy may also be revoked by submitting to us prior to the Annual Meeting a more recently dated proxy or by attending the Annual Meeting and voting in person.

How Many Votes Do I Have?

Each share of Alphatec Holdings, Inc. common stock that you own entitles you to one vote.

How Do I Vote?

Whether you plan to attend the Annual Meeting or not, we urge you to vote by proxy. All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with your instructions on the proxy card. If you properly submit a proxy without giving specific voting instructions, your shares will be voted in accordance with the Board's recommendations as noted below. Voting by proxy will not affect your right to attend the Annual Meeting. If your shares are registered directly in your name through our stock transfer agent, BNY Mellon Investor Services, 480 Washington Ave., Jersey City, NJ 07310, or you have stock certificates, you may vote:

- **By mail.** Complete and mail the enclosed proxy card, a copy of which is attached hereto as Appendix A, in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted in accordance with the recommendation of our Board of Directors.
- **In person at the meeting.** If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

If your shares are held in "street name" (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

- **By mail.** You will receive instructions from your broker, bank, or other nominee explaining how to vote your shares.
- **In person at the meeting.** Contact the broker or other nominee who holds your shares to obtain a legal proxy or broker's proxy card and bring it with you to the Annual Meeting. You will not be able to vote at the Annual Meeting unless you have a proxy card from your broker.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

- **"FOR"** the election of the nominees for director;
- **"FOR"** the ratification of the selection of independent auditors for our fiscal year ending December 31, 2011;
- **"FOR"** the compensation of our named executive officers set forth in this proxy statement; and
- **"FOR"** holding an advisory vote on executive compensation every year.

If any other matter is presented at the Annual Meeting, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

May I Change or Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before the Annual Meeting. You may revoke your proxy in any one of the following ways:

- signing a new proxy card and submitting it as instructed above;

-
- notifying us at 5818 El Camino Real, Carlsbad, CA 92008, Attention: Eburn S. Garner, Esq., General Counsel, Senior Vice President and Secretary, in writing before the Annual Meeting that you have revoked your proxy; or
 - attending the meeting in person and voting in person. Attending the Annual Meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

Your most-current proxy card is the one that will be counted.

What if I Receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described above under “How Do I Vote?” for each account to ensure that all of your shares are voted.

Will My Shares be Voted if I Do Not Return My Proxy Card?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under “How Do I Vote?”

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under “How Do I Vote?,” the bank, broker or other nominee only has the authority to vote your unvoted shares on Proposal 2, even if it does not receive instructions from you. Therefore, we encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. A “broker non-vote” will occur if your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting.

Your bank, broker or other nominee no longer has the ability to vote your uninstructed shares in the election of directors. Therefore, if you hold your shares in street name it is critical that you cast your vote if you want your vote to be counted for the election of directors (Proposal 1 of this proxy statement). In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted in the election of directors, your bank, broker or other nominee was allowed to vote your shares on your behalf in the election of directors as it felt appropriate. In addition, your bank, broker or other nominee is prohibited from voting your uninstructed shares on any matters related to executive compensation. Thus, if you hold your shares in street name and you do not instruct your bank, broker or other nominee how to vote in the election of directors or on matters related to executive compensation, no votes will be cast on these proposals on your behalf.

What Vote is Required to Approve Each Proposal and How are Votes Counted?

Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a “plurality” of the votes) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote for the election of directors. Brokerage firms do not have authority to vote customers’ unvoted shares held by the firms in street name for the election of directors. As a result, any shares not voted by a customer will be treated as a broker vote. Such broker non-votes will have no effect on the results of this vote.

Proposal 2: Ratify Selection of Auditors

The affirmative vote of a majority of the votes cast affirmatively or negatively for this proposal is required to ratify the selection of independent auditors. Abstentions have no effect on the results of this vote. Brokerage firms have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent accountants. However, if our stockholders do not ratify the selection of Ernst & Young LLP as our independent accountants for 2011, our Audit Committee of our Board of Directors will reconsider its selection.

Proposal 3: Advisory Vote on Executive Compensation

The affirmative vote of a majority of the votes cast affirmatively or negatively for this proposal is required to approve the compensation of our named executive officers, as described in this proxy statement. Abstentions have no effect on the results of this vote. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Proposal 4: Vote on Frequency of Voting on Executive Compensation

The frequency of holding an advisory vote on compensation of our named executive officers—every year, every two years or every three years—receiving the greatest number of votes (also known as a “plurality” of the votes cast) will be the frequency approved by our stockholders. Brokerage firms do not have authority to vote customers' unvoted shares held by the firms in street name on this proposal. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes, as well as abstentions, will have no effect on the results of this vote. Although the advisory vote is non-binding, the Compensation Committee and the Board of Directors will review the voting results and take them into consideration when making future decisions regarding the frequency of holding an advisory vote on executive compensation.

Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election, BNY Mellon Investor Services, examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

What Constitutes a Quorum for the Annual Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the Annual Meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

Attending the Annual Meeting

The Annual Meeting will be held at 2:00 p.m. Eastern Time, on Thursday, June 9, 2011 at the offices of HealthpointCapital LLC, which are located at 505 Park Avenue, 12th Floor, New York, NY 10022. When you arrive at HealthpointCapital, LP signs will direct you to the appropriate meeting room. You need not attend the Annual Meeting in order to vote.

Householding of Annual Disclosure Documents

SEC Rules concerning the delivery of annual disclosure documents allow us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as “householding,” benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be “household,” the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, BNY Mellon Investor Services, by calling their toll free number, 1-866-265-1875.

If you do not wish to participate in “householding” and would like to receive your own set of the annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another Alphatec Holdings, Inc. shareholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

- If your shares are registered in your own name, please contact our transfer agent, BNY Mellon Investor Services, and inform them of your request by calling them at 1-866-265-1875 or writing them at 480 Washington Ave., Jersey City, NJ 07310.
- If a broker or other nominee holds your Alphatec Holdings, Inc. shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

CORPORATE GOVERNANCE MATTERS

Board of Directors Leadership Structure

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. The Board has determined that having a non-employee director serve as Chairman is in the best interest of the Company's stockholders at this time. The Board believes this leadership structure enhances the Board's oversight of, and independence from, Company management, the ability of the Board to carry out its roles and responsibilities on behalf of our stockholders, and our overall corporate governance compared to a combined Chairman/Chief Executive Officer leadership structure.

Mr. Berkowitz has served as non-executive Chairman of the Board of Directors since 2007. The Chairman of the Board of Directors provides leadership to the Board and works with the Board to define its activities and the calendar for fulfillment of its responsibilities. The Chairman of the Board of Directors approves the meeting agendas after input from management, facilitates communication among members of the Board and presides at meetings of our Board and stockholders.

The Chairman of the Board of Directors, the Chairman of the Audit Committee, the President and Chief Executive Officer and the other members of the Board work in concert to provide oversight of our management and affairs. The leadership of Mr. Berkowitz fosters a culture of open discussion and deliberation, with a thoughtful evaluation of risk, to support our decision-making. Our Board encourages communication among its members and between management and the Board to facilitate productive working relationships. Working with the other members of the Board, Mr. Berkowitz also works to ensure that there is an appropriate balance and focus among key Board responsibilities such as strategic development, review of operations and risk oversight.

The Board of Directors' Role in Risk Oversight

The Board plays an important role in risk oversight through direct decision-making authority with respect to significant matters and the oversight of management by the Board and its committees. In particular, the Board administers its risk oversight function through (1) the review and discussion of regular periodic reports to the Board and its committees on topics relating to the risks that we face, (2) the required approval by the Board (or a committee of the Board) of significant transactions and other decisions, (3) the direct oversight of specific areas of our business by the Audit and Compensation committees, and (4) regular periodic reports from our auditors and outside advisors regarding various areas of potential risk, including, among others, those relating to our internal control over financial reporting. The Board also relies on management to bring significant matters impacting us to the Board's attention.

Pursuant to the Audit Committee's charter, the Audit Committee is responsible for discussing the guidelines and policies that govern the process by which our exposure to risk is assessed and managed by management. As part of this process, the Audit Committee discusses our major financial risk exposures and steps that management has taken to monitor and control such exposure. In addition, we, under the supervision of the Audit Committee, have established procedures available to all employees for the anonymous and confidential submission of complaints relating to any matter to encourage employees to report questionable activities directly to our senior management and the Audit Committee.

Because of the role of the Board in risk oversight, the Board believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to our operations. The Board recognizes that there are different leadership structures that could allow it to effectively oversee the management of the risks relating to our operations. The Board believes its current leadership structure enables it to effectively provide oversight with respect to such risks.

Committees of the Board and Meetings

Meeting Attendance. During the 2010 fiscal year, there were eight meetings of our Board, and the various committees of the Board met a total of 13 times. No director attended fewer than 75% of the total number of meetings of the Board or committees of the Board on which he or she served during the 2010 fiscal year. The Board has adopted a policy under which each member of the Board is strongly encouraged to attend each annual meeting of our stockholders. Three directors attended our annual meeting of stockholders held in 2010.

Audit Committee. Our Audit Committee met five times during the 2010 fiscal year. This committee currently has three members, James R. Glynn (Chairman), R. Ian Molson and Stephen E. O'Neil. Our Audit Committee has the authority to retain and terminate the services of our independent accountants, reviews annual and quarterly financial statements, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits. All members of the Audit Committee satisfy the current independence standards promulgated by the Securities and Exchange Commission and The NASDAQ Stock Market, as such standards apply specifically to members of audit committees. The Board has determined that Messrs. Molson and Glynn are each an "audit committee financial expert," as the Securities and Exchange Commission has defined that term in Item 407 of Regulation S-K. A copy of the Audit Committee's written charter is publicly available on our website at www.alphatecspine.com under "Investor Relations—Corporate Governance."

Compensation Committee. Our Compensation Committee met eight times during the 2010 fiscal year. This committee currently has two members, Stephen E. O'Neil (Chairman) and R. Ian Molson. Our Compensation Committee reviews, approves and makes recommendations regarding our compensation policies, practices and procedures to ensure that legal and fiduciary responsibilities of the Board are carried out and that such policies, practices and procedures contribute to our success. Our Compensation Committee also administers our Amended and Restated 2005 Employee, Director and Consultant Stock Plan. The Compensation Committee is responsible for the determination of the compensation of our CEO, and shall conduct its decision-making process with respect to that issue without the presence of the CEO. All members of the Compensation Committee qualify as independent directors under the standards promulgated by The NASDAQ Stock Market. A copy of the Compensation Committee's written charter is publicly available on our website at www.alphatecspine.com under "Investor Relations—Corporate Governance." Please also see the report of the Compensation Committee set forth elsewhere in this proxy statement.

Further discussion of the process and procedures for considering and determining executive compensation, including the role that our executive officers play in determining compensation for other senior management, is included below in the section entitled "Compensation Discussion and Analysis."

Nominating and Governance Committee. Our Nominating and Governance Committee did not meet during the 2010 fiscal year. This committee currently has two members, Stephen E. O'Neil (Chairman) and R. Ian Molson. Our Nominating and Governance Committee's role is to make recommendations to the full Board as to the size and composition of the Board and its committees, and to evaluate and make recommendations as to potential candidates. All members of the Nominating and Governance Committee qualify as independent directors under the definition promulgated by The Nasdaq Stock Market. The Nominating and Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. Although the Company has no policy regarding diversity, the Nominating Committee seeks a broad range of perspectives and considers both the personal characteristics (gender, ethnicity, age) and experience (industry, professional, public service) of Directors and prospective nominees to the Board. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a

stockholder wishes to nominate a candidate to be considered for election as a director at the 2012 Annual Meeting of Stockholders, it must comply with the procedures set forth in our By-laws and give timely notice of the nomination in writing to our Secretary not less than 45 or more than 75 days prior to the date on which we first mail our proxy statement relating to our Annual Meeting of Stockholders to be held in 2011. See “Stockholder Proposals and Nominations for Directors.” If a stockholder wishes simply to propose a candidate for consideration as a nominee by the Nominating and Governance Committee, it must make such proposal for such candidate in writing, addressed to the Nominating and Governance Committee care of our Secretary at our principal offices. Submissions must be made by mail, courier or personal delivery and must contain the information set forth in our Nominating and Governance Committee Charter, which is available on our website at www.alphatecspine.com under “Investor Relations—Corporate Governance.”

Shareholder Communications to the Board

Stockholders may communicate with the Board of Directors by sending a letter to the following address: Attn: Security Holder Communication, Corporate Secretary, Alphatec Holdings, Inc., 5818 El Camino Real, Carlsbad, CA 92008. The Corporate Secretary will receive the correspondence and forward it to the Chairman of the Board, or to any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to the Company or its business or is similarly inappropriate. The Corporate Secretary has the authority to discard or disregard any inappropriate communications or to take other appropriate actions with respect to any such inappropriate communications.

Communications should not exceed 500 words in length and must be accompanied by the following information:

- A statement of the type and amount of the securities of the Company that the person holds;
- Any special interest, meaning an interest not in the capacity as a security holder of the Company, that the person has in the subject matter of the communication; and
- The address, telephone number and e-mail address, if any, of the person submitting the communication.

A copy of the Policy and Procedures on Security Holder Communication with Directors is publicly available on our website at www.alphatecspine.com under “Investor Relations—Corporate Governance.”

Compensation Practices and Policies Relating to Risk Management

We do not utilize compensation policies or practices that create risks that are reasonably likely to have a material adverse effect on us. This “Compensation Discussion and Analysis” section describes generally our compensation policies and practices that are applicable for executive and management employees. We use common variable compensation designs across all of our business units and divisions, with a significant focus on corporate and business financial performance.

COMPENSATION DISCUSSION AND ANALYSIS

We have prepared this Compensation Discussion and Analysis, or CD&A, to provide you with information that we believe is necessary to understand our executive compensation policies and decisions as they relate to the compensation of the individuals identified below, who are our “Named Executive Officers,” as such term is defined in Item 402 of Regulation S-K:

- Dirk Kuyper, President and Chief Executive Officer
- Michael O’Neill, Chief Financial Officer, Vice President and Treasurer

- Peter C. Wulff, Former Chief Financial Officer, Vice President and Treasurer
- Oliver Burckhardt, Former President, International

Compensation Philosophy and Objectives

We are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executives. Accordingly, our compensation arrangements must be competitive. The Compensation Committee’s intent is generally to target salaries, annual incentives and long-term incentive grant values at a range that is competitive with programs offered by other companies against whom we compete for personnel. The Compensation Committee’s decisions are based upon a philosophy of pay for performance, with an individual’s experience, potential and contribution to our business determining his or her actual compensation. The Compensation Committee administers the compensation programs for our executive officers, considering this competitive environment, but also believes that the compensation paid to our executive officers should be dependent upon our financial performance and the value that we create for our stockholders. For this reason, the Compensation Committee’s philosophy is to structure our compensation programs to provide meaningful incentives for the attainment of specific financial objectives and to reward those executive officers who make substantial contributions to the attainment of those objectives, and to link executive officer compensation with performance.

The Compensation Committee’s objectives are to:

- attract, retain, and motivate talented executives responsible for the success of the organization;
- provide compensation to executives that is externally competitive, internally equitable and performance-based; and
- ensure that total compensation levels are reflective of company and individual performance and provide executives with the opportunity to receive above market total compensation for exceptional business performance.

Compensation Process and Benchmarking

Compensation Process

Pursuant to its charter, the Compensation Committee has responsibility for, among other things, discharging the Board’s responsibilities relating to compensation and benefits of our executive officers, including responsibility for evaluating management performance, officer compensation and benefits plans and programs. In carrying out these responsibilities, the Compensation Committee is required to review all components of executive officer compensation for consistency with our compensation philosophy.

In 2010, we hired several new executive officers, namely Mr. O'Neill, our CFO, Mr. Burckhardt, our Former President, International, and Ms. Custin, our Former CFO, International. With respect to each of such individuals, their compensation for 2010 was determined during arms-length negotiations with our President and CEO. With respect to all of such hires, the Compensation Committee approved the compensation terms set forth in such individual's employment agreement prior to their hire. As requested by the Compensation Committee, our President and CEO presents individual performance feedback, proposed annual salary increases and long-term incentive grant recommendations for the other executive officers to the members of the Compensation Committee. The Compensation Committee reviews the information and either approves the recommendation or makes changes at its discretion. The Compensation Committee, in consultation with the Chairman of the Board of Directors, makes its own assessment of our President and CEO based on our financial performance, his compensation compared to CEOs in our peer group, the components of his compensation and his total compensation level. The Compensation Committee then approves the compensation of our President and CEO.

In 2010, in lieu of using a compensation consultant, our President and CEO, working with our Vice President, Human Resources, reviewed published compensation survey data from companies in our industry or similar industries with annual revenues similar to ours. Except to the extent described under "Benchmarking," the Compensation Committee has not relied on formulas or specific analysis in determining levels and mixes of compensation but rather has relied on its members' subjective but reasonable, good faith judgment based on their years of experience both with us and with other companies they have been involved with in their professional careers.

In 2010, our President and CEO provided recommendations to the Compensation Committee regarding financial goals and criteria for the establishment of an annual bonus plan for our executive officers. These criteria and targets were based upon our operating plan for the 2010 fiscal year, as approved by the Board. The corporate performance metrics under the bonus plan as approved by the Compensation Committee included attainment of certain financial targets. The bonus plan for fiscal year 2010 is further described below under the heading "2010 Bonus Plan."

Benchmarking

In benchmarking compensation for the executive officers (other than the President and CEO), the President and CEO makes recommendations to the Compensation Committee based on total cash compensation (base salary plus annual cash incentives) and long-term equity incentives. Under this system, the President and CEO assigns a total target compensation range to a particular executive officer after considering various factors under the major categories of job demands, knowledge, level of responsibility and the total target compensation paid by our peer group. With respect to our executive officers, all of Mr. Kuyper's total target compensation recommendations are reviewed and approved by the Compensation Committee.

Our President and CEO evaluates the total targeted compensation of our executive officers by comparing our information to published compensation survey data from companies in our industry or similar industries with annual revenues similar to those of ours. We believe that our peer group consists of the following companies: RTI Biologics, Accuray, Cardiac Science Corp., Nuvasive and Exactech. We periodically evaluate this list to ensure that it is an accurate representation of our peers. The survey data included information on job duties, and target and actual total compensation at the median and 75th percentiles. The President and CEO and the Compensation Committee generally consider total targeted compensation for key employees to be within the market competitive range if total targeted compensation was between the median and 75th percentile.

Elements of Compensation and How Each Element is Chosen

As indicated above, compensation elements for our executive officers are designed to attract and retain individuals with exceptional ability for these key roles in a very competitive market for such talent. Certain elements of compensation serve other important interests. For example, annual incentive pay is designed to motivate the executive officers to attain our vital short-term goals. Long-term incentive pay in the form of equity

awards vesting over a number of years aligns the executive officer's interest with that of our stockholders in seeing long-term increases in the value of our shares. The main compensation elements for our executive officers (salary, annual incentive, long-term incentive, and other benefits and perquisites) are described in more detail below.

For fiscal year 2010, each executive officer's compensation generally consisted of three elements: (i) base salary, (ii) cash bonus based upon our attainment of pre-established objectives; and (iii) long-term stock-based incentive awards designed to align the interests between our executive officers and our stockholders.

Base Salaries and Target Bonus Percentages

The President and CEO reviews the base salaries of the executive officers in the first half of each calendar year and determines whether any changes are appropriate for the then-current fiscal year. During such review, the President and CEO takes multiple factors into consideration. Base salaries of the executive officers are targeted at a competitive market median based on each respective position with individual variations explained by differences in experience, skills and sustained performance. In April 2011, the Compensation Committee approved the following increases to the 2011 salaries of our Named Executive Officers after a comparison to the relevant salaries of comparable positions of members of our peer group was performed.

<u>Name</u>	<u>2010 Base Salary</u>	<u>2011 Base Salary</u>	<u>Percentage Increase</u>	<u>2010 Target</u>	<u>2011 Target</u>

- (4) Mr. Burckhardt's employment ended in April 2011.

Annual Incentive Compensation

Executive officers are eligible for incentive compensation annually under our non-shareholder-approved bonus plan. Within this plan, the Compensation Committee establishes annual incentive compensation that is based upon target awards expressed as a percentage of each executive's base salary. Payments under the bonus plan are determined based upon our performance against pre-established financial targets.

2010 Bonus Plan

In February 2010, the Compensation Committee approved the bonus plans for each of our executive officers, which we refer to collectively herein as the 2010 Bonus Plan. Under the 2010 Bonus Plan, our Named Executive Officers were eligible for cash bonuses for the 2010 fiscal year as further described below. Since his employment did not begin until October of 2010, Mr. O'Neill was not eligible to receive a bonus based upon our performance in fiscal year 2010, although he did receive a \$25,000 signing bonus in connection with the start of his employment.

2010 Bonus Plan for Messrs. Kuyper and Wulff

With respect to each of Messrs. Kuyper and Wulff, the target cash bonuses for fiscal year 2010 were determined according to a formula expressed as percentages of the respective executive's base salary, and was subject to adjustments based on the percentage to which the targeted applicable performance criteria was achieved, which in 2010 was predicated on the achievement of certain cash balance (30% of the total amount of the target bonus) and of EBITDA targets (70% of the total amount of the target bonus) generated in accordance with our 2010 operating plan that was approved by our Board of Directors. The Compensation Committee approved all financial criteria for the awarding of such cash bonuses and the President and CEO presented the financial criteria to Mr. Wulff for his confirmation of the achievability of such criteria. In the event the executives exceeded such target levels, they were entitled to receive cash bonuses based on higher percentages of their respective base salaries. The table below sets forth for each of these executive officers the percentage of the base salary that such executive officer was eligible to receive as a cash bonus under the 2010 Bonus Plan upon the achievement of the target levels EBITDA.

Name	2010 Base Salary	Bonus Percentage Upon
		100% Achievement of Performance Criteria
Dirk Kuyper	\$425,000	88.2%
Peter C. Wulff	\$273,000	50%

In 2010, we failed to achieve the minimum levels of performance that would have entitled each of Messrs. Kuyper and Wulff to receive any bonus. As a result, no bonus was paid.

2010 Bonus Plan for Mr. Asai

With respect to Mr. Asai, the target cash bonus for fiscal year 2010 was determined according to a formula expressed as up to 35% of his base salary of 26.7 million Japanese yen, and was subject to adjustments based on the percentage to which the targeted applicable performance criteria was achieved. Mr. Asai was eligible to receive a cash bonus for 2010 based on the achievement of the following goals (i) a goal based upon total consolidated sales and adjusted EBITDA of Alphatec Pacific, and (ii) our cash balance. The Compensation Committee approved all financial criteria for the awarding of this cash bonus and the President and CEO presented the financial criteria to Mr. Asai for his confirmation of the achievability of such criteria. In the event that the profits before taxes exceeded certain target levels, Mr. Asai was entitled to receive a cash bonus based on higher percentages of his base salary.

In 2010, Mr. Asai achieved a percentage of the financial targets that entitled him to 85% of his target bonus based on the exchange rate on December 31, 2010. This bonus was paid in the first quarter of 2011.

2010 Plan for Mr. Lubischer

With respect to Mr. Lubischer, the target cash bonus for fiscal year 2010 was determined based upon our achievement of certain sales goals in the U.S. Upon 100% achievement of all of such sales targets, Mr. Lubischer's bonus would have equaled 85% of his base salary of \$249,900. The Compensation Committee approved all financial criteria for the awarding of this cash bonus and the President and CEO presented the financial criteria to Mr. Lubischer for his confirmation of the achievability of such criteria. In the event that U.S. sales exceeded certain target levels, Mr. Lubischer would have been entitled to receive a cash bonus that was higher than the percentage of his base salary set forth above. 70% of Mr. Lubischer's bonus was payable quarterly, based on the achievement of quarterly sales targets and 20% of Mr. Lubischer's bonus was payable following the end of the 2010 fiscal year, based on the achievement of an annual sales target.

In 2010, Mr. Lubischer achieved a percentage of the revenue target that entitled him to 35% of his target bonus. His year-end bonus (which is equal 29% of the total bonus amount paid to Mr. Lubischer) was paid in the first quarter of 2011.

2010 Bonus Plan for Mr. Burckhardt

With respect to Mr. Burckhardt, the target cash bonus for fiscal year 2010 was determined according to a formula expressed up to 60% of Mr. Burckhardt's base salary of \$365,000, and was subject to adjustments based on the percentage to which the targeted applicable performance criteria was achieved, which in 2010 was predicated on the achievement of certain cash balance (30% of the total amount of the target bonus) and of international sales and EBITDA targets (70% of the total amount of the target bonus) generated in accordance with our 2010 operating plan that was approved by our Board of Directors. The Compensation Committee approved all financial criteria for the awarding of such cash bonuses and the President and CEO presented the financial criteria to Mr. Burckhardt for his confirmation of the achievability of such criteria. In the event that Mr. Burckhardt exceeded such target levels, he is entitled to receive cash bonuses based on higher percentages of his base salary.

In 2010, we failed to achieve the minimum levels of performance that would have entitled Mr. Burckhardt to receive any bonus. As a result, no bonus was paid.

2010 Bonus Plan for Ms. Custin

With respect to Ms. Custin, the target cash bonus for fiscal year 2010 was determined according to a formula expressed up to 87.7% of her base salary, which was \$285,000, and was subject to adjustments based on the percentage to which the targeted applicable performance criteria was achieved, which in 2010 was predicated on the achievement of certain goals that had been agreed upon by Ms. Custin and our President and CEO related to the integration of us and Scient'x. The Compensation Committee approved all criteria for the awarding of such cash bonuses and the President and CEO presented the criteria to Ms. Custin for her confirmation of the achievability of such criteria. In the event Ms. Custin exceeded such goals, she was entitled to receive cash bonuses based on higher percentages of her base salary.

As Ms. Custin was not an employee at the end of fiscal year 2010, she was not eligible to receive any bonus.

With respect to all of the bonuses described above, we (or Alphatec Pacific with respect to Mr. Asai) had to have achieved a threshold of financial performance that was established by the Compensation Committee before any of these bonuses would become payable.

Equity Compensation Awards

Equity compensation has traditionally been an important element of our executive compensation program in order to align the interests of our executives with those of our stockholders. Because the value of the equity awards will increase only when we perform and increase stockholder value, the grant of such equity awards provides long-term incentives to the recipients thereof, including our executive officers. These awards not only serve to align the executives' interests with those of the stockholders over an extended period of time, but because they also generally are subject to vesting in connection with continued service to us over a specified period of time, these awards serve as an additional retention mechanism. The Compensation Committee believes that both of these elements are important factors in executive compensation.

New Hire Grants

Generally, we grant equity awards to our new employees, including our executive officers, in connection with the start of their employment. At the time of the hiring of any executive officer, equity compensation generally is negotiated between such officer and us. Generally, such negotiations are conducted by our President and CEO on our behalf. The Compensation Committee approves such negotiated equity compensation for newly hired executive officers. The size of such awards is determined based upon available information concerning the competitive packages offered to executives in similar jobs at companies with which we are competitive for personnel, but are not established based upon any formal survey or other comparative data. In addition, the

President and CEO often adjusts such initial equity compensation grants as deemed appropriate to attract or retain specific candidates based on their experience, knowledge, skills and education and our needs. In November 2009, the Compensation Committee determined that all options issued after such date will vest over four years, with 25% of such option vesting on the anniversary of the grant date, and the remaining 75% vesting in 12 tranches each three months thereafter. In general, all grants of restricted stock have annual vesting.

Annual Equity Grants

Beginning in 2007, we have awarded our key employees, including our executive officers an annual stock option grant with the goal of providing continued incentives to retain strong executives and improve corporate performance. Each year, including fiscal year 2010, the President and CEO makes a recommendation to our Compensation Committee regarding whether any equity incentive grant is appropriate for an executive officer and the amount of such grant. The Compensation Committee approves such annual equity grant for executive officers. In reaching their decision, the President and CEO and the Compensation Committee considers each individual's experience, the scope of such individual's responsibilities, his or her performance in the applicable role, and his or her expected future contribution to our goals and stockholder value. On November 4, 2010, following Compensation Committee approval, each of Messrs. Kuyper, Lubischer, Asai and Burckhardt received stock options to purchase 200,000; 40,000, 25,000 and 188,000 shares, respectively, of our common stock as part of our annual option grant program. The grant to Mr. Burckhardt was conditioned upon his forfeiture of the 320,549 options that were granted to him on March 26, 2010. The amount of the annual equity grant is evaluated so as to ensure that the grants are comparable to similarly situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives. Prior to November 2009, merit based annual equity grants made to executive officers generally vested annually over the four years following the date of grant in equal installments on the anniversary of the date of grant, subject to the officer's continued employment with us. In November 2009, the Compensation Committee determined that all options issued after such date will vest over four years, with 25% of such option vesting on the anniversary of the grant date, and the remaining 75% vesting in 12 tranches each three months thereafter.

Termination and Change in Control Based Compensation

Our Compensation Committee agreed to severance packages for our Named Executive Officers as part of the negotiations with each of these executive officers to secure his or her services. Our Compensation Committee approved the severance packages based on their experience serving on boards of directors and compensation committees of companies of a similar size and stage of development to us and their familiarity with severance packages offered to executive officers of such companies. Based on this knowledge, experience and information, we believe that the respective severance periods and provision of medical and similar benefit programs during such severance periods are both reasonable and generally in line with severance packages negotiated with executive officers of similarly situated companies.

In addition, pursuant to our restricted stock agreements and stock option agreements with our executive officers, including our Named Executive Officers, in the event of a change in control, as defined in our Amended and Restated 2005 Employee, Director and Consultant Stock Plan, as amended, the vesting of outstanding restricted stock grants and stock option awards held by our executive officers will accelerate in connection with a change in control, without regard to whether the executive officer terminates employment in connection with or following the change in control.

Other Compensation

We maintain broad-based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, dental insurance, an employee stock purchase plan, and a 401(k) plan. We match all employee contributions to our 401(k) plan, including those of our executive officers. We also provide our President and CEO and all sales employees, including Mr. Lubischer, with a monthly automobile allowance. In particular circumstances, we also utilize cash signing bonuses when certain executives and senior

level non-executives join us. Such cash signing bonuses are typically repayable in full to us if the recipient voluntarily terminates employment with us prior to the first anniversary of the date of hire. Whether a signing bonus is paid and the amount thereof is determined on a case-by-case basis under the specific hiring circumstances. For example, we have paid and will consider paying cash bonuses to compensate for amounts forfeited by an executive upon terminating prior employment. In addition, we may assist with certain expenses associated with an executive joining and maintaining their employment with us. For example, in 2010, we reimbursed our President, International, for certain housing costs and/or expenses related to his and his family's temporary relocation to France. In addition, in 2010 we reimbursed our President of Alphatec Pacific for rental expenses related to an apartment close in proximity to our corporate office in Japan and expenses related to the purchase of workman's accident compensation insurance. We believe these forms of compensation create additional incentives for an executive to join us in a position where there is high market demand. These forms of compensation are typically structured to not exceed certain monetary amounts and/or time periods.

Pursuant to the agreement, Mr. Burckhardt received an initial annual base salary of \$365,000 and he is eligible to receive an incentive bonus each fiscal year in an amount equal to a percentage of his annual base salary for such year, with the payment of such bonus based on Mr. Burckhardt achievement of annual performance objectives established by our Compensation Committee at the beginning of each fiscal year. For fiscal year 2010, Mr. Burckhardt target bonus percentage was 60% of his base salary. In connection with the commencement of his employment, we granted Mr. Burckhardt options to purchase up to 320,549 shares of our common stock. The options vest over four years, with 25% of such option vesting on the anniversary of the grant date, and the remaining 75% vesting in 12 tranches every three months thereafter, with vesting credit given to Mr. Burckhardt in connection with his prior employment with Scient'x. Following the execution of the agreement, we agreed to reimburse Mr. Burckhardt for certain costs related to his and his family's temporary relocation to France. Mr. Burckhardt's employment with us ended in April 2011 and all unexercised options will be forfeited 90 days after the end of his employment.

In March 2010, we and Alphatec Spine entered into an employment agreement with Ann Custin, pursuant to which Ms. Custin agreed to serve as our Chief Financial Officer, International. Pursuant to the agreement, Ms. Custin received an initial annual base salary of \$285,000 and she is eligible to receive an incentive bonus each fiscal year in an amount equal to a percentage of her annual base salary for such year, with the payment of such bonus based on Ms. Custin's achievement of annual performance objectives established by Ms. Custin and our President and CEO, which objectives are then approved by our Compensation Committee. For fiscal year 2010, Ms. Custin's target bonus percentage was 87.7% of her base salary. Pursuant to the employment agreement Ms. Custin also received an automobile allowance of \$500 per month. In connection with the commencement of her employment, we granted Ms. Custin options to purchase up to 130,000 shares of our common stock. The options vest over four years, with 25% of such option vesting on the anniversary of the grant date, and the remaining 75% vesting in 12 tranches every three months thereafter, with vesting credit given to Ms. Custin in connection with her prior employment with Scient'x. Ms. Custin's employment with us ended in September 2010 and all unexercised options were forfeited 90 days after the end of her employment.

Equity Awards

All option awards granted to our Named Executive Officers in 2010 were granted pursuant to our 2005 Stock Plan with an exercise price equal to the closing price of our common stock on the date of grant and vest over four years, with 25% of such option vesting on the anniversary of the grant date, and the remaining 75% vesting in 12 tranches every three months thereafter.

Pursuant to our restricted stock agreements and stock option agreements with our executive officers, including our Named Executive Officers, in the event of a change in control, as defined in the 2005 Stock Plan and described below, the vesting of outstanding restricted stock grants and stock option awards held by our executive officers will accelerate in connection with a change in control, without regard to whether the executive officer terminates employment in connection with or following the change in control.

Generally, a “change in control” shall occur on the date that: (i) any one person, entity or group acquires ownership of capital stock of us, together with our capital stock already held by such person, entity or group, constitutes more than 50% of the total fair market value or total voting power of our capital stock; provided, however, if any one person, entity or group is considered to own more than 50% of the total fair market value or total voting power of our capital stock, the acquisition of additional capital stock by the same person, entity or group shall not be deemed to be a change of control; (ii) a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or (iii) any one person, entity or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person, entity or group) assets from us that have a total gross fair market value at least equal to 80% of the total gross fair market value of all of the assets of us immediately prior to such acquisition or acquisitions.

Kuyper and Wulff’s target bonus amount was predicated upon our achievement of such financial targets. The financial targets were generated in accordance with the 2010 operating plan that was approved by the Board of Directors.

The financial targets were generated in accordance with the 2010 operating plan that was approved by the Board of Directors.

Under the 2010 Bonus Plan a cash bonus was to be paid to Ms. Custin based upon our achievement of milestones related to the integration of us and Scient’x in fiscal year 2010. 100% of Ms. Custin’s target bonus amount was predicated upon our achievement of such milestones. The milestones were generated by Ms. Custin and our President and CEO, and approved by our Compensation Committee.

In all instances, the Compensation Committee approved all financial criteria for the awarding of such cash bonuses and the President and CEO presented the financial criteria to the executive officers for their confirmation of the achievability of such criteria. In addition, in all instances, the executive officer must be employed by us on the day that the remaining portion of the bonus is paid to be entitled to receive such payment.

Other than with respect to Messrs. Lubischer and Asai, none of the individuals listed above received a bonus under the 2010 Bonus Plan.

In addition, in the event of termination due to death or disability, any unvested stock options and restricted stock awards held by Mr. O'Neill shall become fully vested and not subject to forfeiture or repurchase.

In the event that Mr. Lubischer is terminated without cause, he is entitled to receive as severance compensation his base salary for a period of at least three, but not more than 12 months, with such period being determined by us based on our desired length of the period of noncompetition, a payment for any accrued but unused vacation days, and payment of, or reimbursement for, the continuation of his health and dental insurance coverage pursuant to COBRA for the period in which he is receiving severance, and a "gross up" related to any taxes incurred in connection with such COBRA payments. In the event that Mr. Burckhardt's employment is terminated due to either his death or disability, we are required to pay Mr. Burckhardt (or his estate, as the case may be) an amount equal to Mr. Burckhardt's target bonus for the fiscal year in which such termination occurred (with such amount pro-rated based on the date of termination).

In the event that Ms. Custin is terminated without cause, she is entitled to receive as severance compensation her base salary for a period of six months and a payment for any accrued but unused vacation days, and payment of, or reimbursement for, the continuation of her health and dental insurance coverage pursuant to COBRA for the period in which she is receiving severance, and a "gross up" related to any taxes incurred in connection with such COBRA payments. In addition, in the event that she is terminated without cause, she is entitled to receive a pro rata portion of 80% of her targeted bonus amount. In the event that Ms. Custin's employment is terminated due to either her death or disability, we are required to pay Ms. Custin (or her estate, as the case may be) an amount equal to 80% of Ms. Custin's target bonus for the fiscal year in which such termination occurred (with such amount pro-rated based on the date of termination).

Pursuant to our restricted stock agreements and stock option agreements with our executive officers, including our Named Executive Officers, in the event of a change in control, as defined in the 2005 Stock Plan and described below, the vesting of outstanding restricted stock grants and stock option awards held by our executive officers will accelerate in connection with a change in control, without regard to whether the executive officer terminates employment in connection with or following the change in control.

however, if any one person, entity or group is considered to own more than 50% of the total fair market value or total voting power of our capital stock, the acquisition of additional capital stock by the same person, entity or group shall not be deemed to be a change of control; (ii) a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or (iii) any one person, entity or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person, entity or group) assets from us that have a total gross fair market value at least equal to 80% of the total gross fair market value of all of the assets of us immediately prior to such acquisition or acquisitions.

- (1) The only post-employment payments due to Named Executive Officers who voluntarily terminate their employment or are terminated for cause would be accrued earnings and accrued but unused vacation through the termination date. Accrued vacation through termination, whether in connection with a voluntary termination or termination for cause, must be paid in accordance with California law.
- (2) If Mr. Kuyper had been terminated due to death or disability, his annual pro-rated target bonus of \$374,850 would have been payable to his estate, all unvested stock awards would have immediately fully vested and we would have waived our rights to repurchase any unvested stock awards, which totaled \$480,550 based on the closing stock price of \$2.70 as of December 31, 2010. If Mr. O'Neill had been terminated due to death or disability his annual pro-rated target bonus of \$162,500 would have been payable to his estate, all unvested stock awards would have immediately fully vested and we would have waived our rights to repurchase any unvested stock awards, which totaled \$363,900 based on the closing stock price of \$2.70 as of December 31, 2010. As of December 31, 2010, Mr. Kuyper had 129,375 unvested restricted stock awards, Mr. O'Neill had 100,000 unvested restricted stock awards and Mr. Lubischer had 5,000 unvested restricted stock awards. - (1) Mr. Foster and Mr. Berkowitz were not paid any compensation for their service as a director during 2010 nor did they have any stock awards or options outstanding as of December 31, 2010.
 - (2) Represents the grant date fair value of the stock options to purchase 7,500 shares of common stock awarded on November 4, 2010 to certain of our directors which were the only stock options granted to these directors in the fiscal year ended December 31, 2010. The assumptions and methodologies used to calculate these amounts are discussed in Notes 2 and 9 in the Notes to Financial Statements contained in the Form 10-K. See also our discussion under Item 7 “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Use of Estimates—Stock-Based Compensation” in the Form 10-K.
 - (3) Represents the grant date fair value of the stock options to purchase 40,000 shares of common stock awarded on March 26, 2010 in connection with the acquisition of Scient’x as well as options to purchase 7,500 shares of common stock awarded on November 4, 2010. The assumptions and methodologies used to calculate these amounts are discussed in Notes 2 and 9 in the Notes to Financial Statements contained in the Form 10-K. See also our discussion under Item 7 “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies and Use of Estimates—Stock-Based Compensation” in the Form 10-K. In November 2010, the Company exchanged the 40,000 options that were issued to Mr. Molson in March 2010 for a reduced number of options at the then current Alphatec common stock price. The ratio of options exchanged was calculated so that the fair value of the new options was equal to the fair value of the previously issued options resulting in no incremental stock compensation expense. The Company granted Mr. Molson 20,574 options with an exercise price of \$2.31.
 - (4) As of December 31, 2010, the following directors named in the table above had outstanding stock options to purchase the following number of shares: Mr. Desai, 37,500 shares; Mr. Glynn, 37,500 shares; Dr. Hochschuler, 200,000 shares; Ms. Marshall, 30,000 shares; Mr. Molson, 50,574 shares; and Mr. O’Neil, 30,000 shares. REPORT OF AUDIT COMMITTEE FOR THE YEAR ENDED DECEMBER 31, 2010

The Audit Committee of the Board, which consists entirely of directors who meet the independence and experience requirements of the rules promulgated by the Securities and Exchange Commission and The NASDAQ Stock Market, has furnished the following report:

The Audit Committee assists the Board in overseeing and monitoring the integrity of our financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee's role and responsibilities are set forth in its charter adopted by the Board, which is available on our website at www.alphatecspine.com. This committee reviews and reassesses its charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Ernst & Young LLP. In fulfilling its responsibilities for the financial statements for fiscal year ended December 31, 2010, the Audit Committee took the following actions:

- Reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2010 with management and Ernst & Young LLP, our independent auditors;
- Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, relating to the conduct of the audit; and
- Received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by PCAOB Ethics and Independence Rule 3256, "Communication with Audit Committee Concerning Independence." The Audit Committee further discussed with Ernst & Young LLP their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and Ernst & Young LLP, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 for filing with the Securities and Exchange Commission.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis, except that one initial report of ownership was filed late by each of Michael O'Neill and HCP Co-Invest Vehicle II, L.P. and 29 reports, in the aggregate, of a change in beneficial ownership were filed late by each of the following: Messrs. or Ms. (as the case may be) Kuyper (five reports regarding five transactions); Lubischer, Timm, Stott, O'Neill and Molson (each with two reports regarding two transactions); Garner, Burckhardt, Asai, Desai, Glynn, Marshall, O'Neill, Hochschuler, Berkowitz and Foster (each with one report regarding one transaction); and HGP, LLC, HealthpointCapital Partners, L.P. and HealthpointCapital Partners II, L.P. (each with one report regarding one transaction).

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Agreements with our Officers, Directors and Principal Stockholders

For the year ended December 31, 2010, we incurred costs of \$0.3 million related to reimbursement of travel and administrative expenses to Foster Management Company and HealthpointCapital, LLC., including for the reimbursement of Foster Management Company's airplane. Foster Management Company is an entity owned by John H. Foster, a member of our Board. Based upon a competitive analysis of comparable leased aircraft, our Board determined that the hourly reimbursement rate is at or below market rates for the charter of similar aircraft.

In 2005, we and Alphatec Spine entered into an agreement with Dr. Stephen H. Hochschuler, who became one of our directors in October 2006, pursuant to which Dr. Hochschuler agreed to serve as the Chairman of our Scientific Advisory Board. Pursuant to the agreement we pay Dr. Hochschuler for attending Scientific Advisory Board meetings and he received equity compensation in connection with the agreement. In October 2006, we and Alphatec Spine entered into a Consulting Agreement with Dr. Hochschuler. Pursuant to the terms of the agreement, we agreed to appoint Dr. Hochschuler to our and Alphatec Spine's Board of Directors until the next annual meeting of each of its stockholders or until his successor is duly appointed and qualified. Pursuant to the agreement, Dr. Hochschuler is required to provide advisory services to us related to the spinal implant industry and our research and development strategies. The agreement had an initial term of three years, and in October 2009 it automatically renewed for an additional year. The agreement will continue to automatically renew each year unless it is terminated prior to its automatic renewal date in October. In return for such advisory services, we paid Dr. Hochschuler cash and equity compensation. In 2010, we paid an aggregate of \$0.2 million to Dr. Hochschuler pursuant to these agreements.

Acquisition of Scient'x and Related Agreements

On March 26, 2010, we acquired 100% of the outstanding shares of Scient'x S.A., or Scient'x, a global medical device company based in France that designs, develops and manufactures surgical implants to treat disorders of the spine. The transaction, which we refer to as the Share Purchase, was structured as an all stock transaction such that 100% of outstanding Scient'x stock was exchanged pursuant to a fixed ratio for 24,000,000 shares of our common stock. The consideration paid for the 100% of outstanding Scient'x stock was 23,730,644 shares, which reflected a reduction in the 24,000,000 shares calculated at the closing in exchange for our payment of certain fees and expenses incurred by HealthpointCapital Partners, L.P. and HealthpointCapital Partners II, L.P., which we otherwise refer to collectively as HealthpointCapital, in connection with the Share Purchase. Alphatec stockholders who owned shares of our capital stock prior to the Share Purchase own approximately 69% of the combined company and approximately 31% is owned by former Scient'x stockholders.

In connection with the Share Purchase, we entered into a corporate governance agreement with HealthpointCapital, pursuant to which HealthpointCapital has agreed generally not to, directly or indirectly, and subject to certain exceptions, effect, seek, offer or propose to effect or participate in any arrangement or scheme

to acquire any of our securities, to join any group regarding any transaction to acquire our securities, or to make any public announcement with respect to, or submit an unsolicited proposal for or offer of (with or without condition), any extraordinary transaction involving us or our securities or assets. However, HealthpointCapital may make a proposal to an independent committee of our Board of Directors with respect to certain of these transactions, so long as any such proposal is not publicly disclosed. HealthpointCapital has further agreed that if it becomes aware that it beneficially owns more than a permitted number of our shares set forth in the agreement, then it shall promptly take all action necessary to reduce the number of beneficially owned shares in the aggregate to a permitted number of shares.

HealthpointCapital has also agreed that it will not transfer or permit any of its affiliates or associates to transfer any of its shares, except for transfers where no transferee would beneficially own more than the number of shares beneficially owned by HealthpointCapital as of the date of the agreement, transfers to its controlled affiliates, provided that such affiliate becomes a signatory to the agreement, transfers pursuant to a tender or exchange offer, merger or other business combination approved by the Board of Directors, transfers approved by an independent committee of the Board of Directors, or transfers to its limited or general partners, if, as a result, no transferee would beneficially own more than the number of shares held by HealthpointCapital as of the date of the corporate governance agreement.

In connection with the closing of the Share Purchase, we entered into a registration rights agreement with HealthpointCapital and the other Scient'x stockholders, which we refer to collectively as the Registration Rights Holders, pursuant to which the Registration Rights Holders have registration rights with respect to the shares issued in the Share Purchase and any other of our shares held by such stockholders that constitute "restricted securities" under Rule 144 of the Securities Act, which we refer to as the Registrable Shares.

Pursuant to the registration rights agreement, the Registration Rights Holders have demand and piggy-back registration rights with respect to the Registrable Shares. At any time after June 24, 2010, HealthpointCapital may demand that we register all or a portion of the Registrable Shares for sale under the Securities Act, so long as the market value of such securities on the date of such request is at least \$10 million or represent 3% of the total outstanding shares of our common stock. We will effect the registration as requested, unless disinterested members of our Board of Directors determine that such registration would materially interfere with any pending or contemplated acquisition, divestiture, financing, registered primary offering or other transaction, or would be materially detrimental to us and our stockholders, in which case we will have the right to defer such registration for a period of up to 60 days.

In addition, if at any time we register any shares of our capital stock, other than in connection with (i) a registration pursuant to an exercise of demand rights described above, (ii) a registration relating solely to a business combination or merger involving us, (iii) a registration relating solely to our employee benefit plans, (iv) a registration relating to our reorganization or other transaction under Rule 145 of the Securities Act, or (v) any registration on any form that does not include substantially the same information as would be required to be included in a registration covering the sale of Registrable Securities, the Registration Rights Holders are entitled to notice of the registration and to include all or a portion of their Registrable Shares in the registration.

A holder's right to demand or include Registrable Shares in a registration is subject to the right of the underwriters to limit the number of shares included in the offering.

Subject to certain exceptions and provided our officers and directors enter into similar agreements, in connection with a piggy-back registration, the Registration Rights Holders have agreed that they will not effect any public sale or distribution of our common stock, enter into a transaction which would have the same effect, or enter into any swap, hedge, or other arrangement that transfers, in whole or in part, any economic consequences of ownership of such securities, or publicly disclose the intention to make any such offer, sale, pledge or disposition, or to enter into any such transaction, swap, hedge or other arrangement, during the 10 days prior to and the 90 days after the effective time of any underwritten piggy-back registration in which any of such Registration Rights Holder's Registrable Shares are included.

The registration rights agreement contains customary provisions allocating rights and responsibilities and obligating us and the Registration Rights Holders to indemnify each other against certain liabilities arising from any registration of securities.

Related Party Transaction Policies

Our officers, directors and affiliates are required to obtain Audit Committee approval for any proposed related party transaction. In addition, our code of conduct requires that each director, officer and employee must do everything he or she reasonably can to avoid conflicts of interest or the appearance of conflicts of interest. The code of conduct states that a conflict of interest exists when an individual's private interest interferes in any way with our interests and sets forth a list of broad categories of the types of transactions that must be reported to our compliance officer. Under the code of conduct, we reserve the right to determine when an actual or potential conflict of interest exists and then to take any action we deem appropriate to prevent the conflict of interest from occurring.

Director Independence

Our Board has determined that the following members of the Board qualify as independent directors under the current independence standards promulgated by the Securities and Exchange Commission and The NASDAQ Stock Market: R. Ian Molson, Stephen E. O'Neil, James R. Glynn, Rohit M. Desai, Siri S. Marshall and Leslie H. Cross.

PROPOSALS TO BE VOTED UPON BY STOCKHOLDERS

ELECTION OF DIRECTORS

On April 20, 2011, the Board of Directors nominated Mortimer Berkowitz III, John H. Foster, R. Ian Molson, Stephen E. O'Neil, Stephen H. Hochschuler, M.D., James R. Glynn, Rohit M. Desai, Dirk Kuyper, Siri S. Marshall and Leslie H. Cross for election at the Annual Meeting. If they are elected, they will serve on our Board of Directors for a term of one year until the next annual meeting of stockholders and until their respective successors have been duly elected and qualified, or until their earlier death or resignation.

Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted **FOR** the election as directors of Mortimer Berkowitz III, John H. Foster, R. Ian Molson, Stephen E. O'Neil, Stephen H. Hochschuler, M.D., James R. Glynn, Rohit M. Desai, Dirk Kuyper, Siri S. Marshall and Leslie H. Cross. In the event that either nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board of Directors may recommend in his/her place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

A plurality of the shares voted affirmatively or negatively at the Annual Meeting is required to elect each nominee as a director.

The Board of Directors recommends the election of Mortimer Berkowitz III, John H. Foster, R. Ian Molson, Stephen E. O'Neil, Stephen H. Hochschuler, M.D., James R. Glynn, Rohit M. Desai, Dirk Kuyper, Siri S. Marshall and Leslie H. Cross as directors, and proxies solicited by the Board of Directors will be voted in favor thereof unless a stockholder has indicated otherwise on the proxy card.

INDEPENDENT PUBLIC ACCOUNTANTS

(Notice Item 2)

The Audit Committee has appointed Ernst & Young LLP, independent public accountants, to audit our financial statements for the fiscal year ending December 31, 2011. The Board of Directors proposes that the stockholders ratify this appointment. Ernst & Young LLP audited our financial statements for the fiscal year ended December 31, 2010. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of our annual financial statements for the fiscal years ended December 31, 2010 and December 31, 2009, and fees billed for other services rendered by Ernst & Young LLP during those periods.

	Fiscal Year 2010	Fiscal Year 2009

Audit-related Fees(2)	14,827	109,000
Tax fees(3)	45,000	38,117
Other(4)	170,000	—
Total	<u>\$1,546,151</u>	<u>\$1,041,649</u>

- (1) Audit Fees represent professional services provided in connection with the audit of our financial statements, review of our quarterly financial statements, and audit services in connection with other regulatory filings. The 2010 and 2009 fees include review of our registration statements on Form S-3 and preparation of a comfort letter in connection with a public offering.
- (2) Audit-related Fees consist of fees for services provided in the indicated year for assurance and related services that are reasonably related to the performance of the audit or review of financial statements, but not listed as "Audit Fees." The total 2010 and 2009 audit related fees were for due diligence, accounting consultations and other services provided in connection with our acquisition of Scient'x.
- (3) Tax fees in 2010 represent professional services provided in connection with Section 382 tax compliance and post-acquisition tax structuring activities in connection with our acquisition of Scient'x. Tax Fees in 2009 represent professional services provided in connection with Section 382 tax compliance and pre-acquisition tax structuring activities in connection with our acquisition of Scient'x.
- (3) Other fees in 2010 consist of fees provided in connection with a review of the Company's standard costing process.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Consistent with Securities and Exchange Commission's policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of our independent public accountant. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent public accountant.

Prior to engagement of our independent public accountant for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the review of financial statements, as well as work that generally only an independent public accountant can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. **Audit-Related** services are for assurance and related services that are traditionally performed by an independent public accountant, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. **Tax** services include all services performed by an independent public accountant's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. **Other Fees** are those associated with services not captured in the other categories. We generally do not request such services from our independent public accountant.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires our independent public accountant and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage our independent public accountant for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging our independent public accountant. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In the event the stockholders do not ratify the appointment of Ernst & Young LLP as our independent public accountants, the Audit Committee will reconsider its appointment.

The affirmative vote of a majority of the votes cast affirmatively or negatively for this proposal at the Annual Meeting is required to ratify the appointment of the independent public accountants.

The Board of Directors recommends a vote to ratify the appointment of Ernst & Young LLP as independent public accountants, and proxies solicited by the Board of Directors will be voted in favor of such ratification unless a stockholder indicates otherwise on the proxy.

Advisory Vote on Executive Compensation as Disclosed in this Proxy Statement

(Notice Item 3)

As required by Section 14A of the Securities Exchange Act, we are seeking your advisory vote of the compensation of our named executive officers as disclosed in the section of this proxy statement titled “ *Executive Officer and Director Compensation*. ” You are being asked to vote on the following advisory resolution:

RESOLVED, that the compensation paid to the Company’s named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative to this proxy statement is hereby approved.

The compensation of our named executive officers is based on a design that ties a substantial percentage of an executive’s compensation to the attainment of financial and other performance measures that, the Board of Directors believes, promote the creation of long-term shareholder value and position the Company for long-term success. As described more fully in the Compensation Discussion and Analysis, the mix of fixed and performance based compensation and the terms of long-term incentive awards as well as the terms of executives’ employment agreements, are all designed to enable the Company to attract and maintain top talent while, at the same time, creating a close relationship between performance and compensation. The Compensation Committee and the Board of Directors believe that the design of the program, and hence the compensation awarded to named executive officers under the current program, fulfills this objective.

Stockholders are urged to read the “ *Compensation Discussion and Analysis* ” section of this proxy statement, which discusses in detail how our compensation policies and procedures implement our compensation philosophy.

The affirmative vote of a majority of the votes cast affirmatively or negatively for this proposal at the Annual Meeting is required to approve the compensation of our named executive officers set forth in this proxy statement. Although the vote is non-binding, the Board of Directors and the Compensation Committee will review the voting results in connection with their ongoing evaluation of the Company’s compensation program. Broker non-votes (as described under “ *Will My Shares be Voted if I Do Not Return My Proxy Card?* ”) are not entitled to vote on this proposal and will not be counted in evaluating the results of the vote.

The board of directors recommends a vote to approve the compensation of our named executive officers set forth in this proxy statement, and proxies solicited by the board will be voted in favor of such approval unless a stockholder indicates otherwise on the proxy card.

Advisory Vote on Frequency of Votes on Executive Compensation
(Notice Item 4)

Section 14A of the Securities Exchange Act requires us to submit a non-binding, advisory resolution to our stockholders at least once every six years to determine whether an advisory vote on executive compensation should be held every one, two or three years. In satisfaction of this requirement, stockholders are being asked to vote on the following advisory resolution:

RESOLVED, that the option of once every year, two years, or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the Company is to hold a stockholder vote to approve the compensation and of our named executive officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules (which disclosure shall include the Compensation Discussion and Analysis, the Summary Compensation Table, and the other related tables and disclosure).

To vote on this proposal, you should mark your proxy for one, two or three based on your preference as to the frequency with which an advisory vote on executive compensation should be held. If you have no preference you should abstain.

The optimal frequency of vote necessarily turns on a judgment about the relative benefits and burdens of each of the options. There have been diverging views expressed on this question and the Board believes there is a reasonable basis for each of these options.

Some have argued for less frequency. They point out that a less frequent vote would allow stockholders to focus on overall design issues rather than details of individual decisions, would align with the goal of compensation programs—such as that of this Company—which are designed to reward performance that promotes long-term shareholder value, and would avoid the burden that an annual vote would impose on stockholders required to evaluate the compensation programs of a large number of companies each year.

Others believe that an annual vote is needed to give stockholders the opportunity to react promptly to emerging trends in compensation, provide feedback before those trends become pronounced over time, and give the Board and the Compensation Committee the opportunity to evaluate individual compensation decisions each year in light of the ongoing feedback from stockholders.

Given the expression of views the Company has received from its stockholders on this question, the Board believes that the most strongly held views on this question favor an annual advisory vote. The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the Board's recommendation. The frequency option receiving the greatest number of votes (also known as a "plurality" of the votes cast) will be the frequency approved by our stockholders. Broker non-votes (as described under "*Will My Shares be Voted if I Do Not Return My Proxy Card?*") are not entitled to vote on this proposal and will not be counted in evaluating the results of the vote.

The board of directors recommends a vote to approve frequency of holding a vote on executive compensation every year, and proxies solicited by the board will be voted in favor of such frequency unless a stockholder indicates otherwise on the proxy card.
