Although not part of this proxy statement, we are also sending along with this proxy statement, our 2008 annual report, which includes our financial statements for the fiscal year ended December 31, 2008.

**Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on June 9, 2009. The proxy statement and annual report to security holders are available at <https://materials.proxyvote.com/02081G>.**

**Who Can Vote?**

On this record date, there were 47,552,082 shares of Alphatec Holdings, Inc. common stock outstanding and entitled to vote. Alphatec Holdings, Inc. common stock is our only class of voting stock.

You do not need to attend the Annual Meeting to vote your shares. Shares represented by valid proxies, received in time for the meeting and not revoked prior to the meeting, will be voted at the meeting. A stockholder may revoke a proxy before the proxy is voted by delivering a signed statement of revocation to us at 5818 El Camino Real, Carlsbad, CA 92008, Attention: Eburn S. stock transfer agent, BNY Mellon Investor Services, 480 Washington Ave., Jersey City, NJ 07310, or you have stock certificates, you may vote:

- **By mail.** Complete and mail the enclosed proxy card, a copy of which is attached hereto as Appendix A, in the enclosed postage prepaid envelope. Your proxy will be voted in accordance with your instructions. If you sign the proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.
- **In person at the meeting.** If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

If your shares are held in “street name” (held in the name of a bank, broker or other nominee), you must provide the bank, broker or other nominee with instructions on how to vote your shares and can do so as follows:

- **By mail.** You will receive instructions from your broker or other nominee explaining how to vote your shares.
- **In person at the meeting.** Contact the broker or other nominee who holds your shares to obtain a broker’s proxy card and bring it with you to the meeting. You will not be able to vote at the meeting unless you have a proxy card from your broker.

### How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

- “**FOR**” the election of the nominees for director; and
- “**FOR**” ratification of the selection of independent auditors for our fiscal year ending December 31, 2009.

If any other matter is presented, the proxy card provides that your shares will be voted by the proxy holder listed on the proxy card in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that needed to be acted on at the Annual Meeting, other than those discussed in this proxy statement.

### May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before the meeting. You may revoke your proxy in any one of the following ways:

- signing a new proxy card and submitting it as instructed above;
- notifying us at 5818 El Camino Real, Carlsbad, CA 92008, Attention: Eburn S. Garner, Esq., General Counsel, Vice President and Secretary, in writing before the Annual Meeting that you have revoked your proxy; or
- attending the meeting in person and voting in person. Attending the meeting in person will not in and of itself revoke a previously submitted proxy unless you specifically request it.

### What if I Receive More Than One Proxy Card?

You may receive more than one proxy card or voting instruction form if you hold shares of our common stock in more than one account, which may be in registered form or held in street name. Please vote in the manner described above under “How Do I Vote?” for each account to ensure that all of your shares are voted.

---

## Table of Contents

### Will My Shares be Voted if I Do Not Return My Proxy Card?

If your shares are registered in your name or if you have stock certificates, they will not be voted if you do not return your proxy card by mail or vote at the meeting as described above under “How Do I Vote?”

If your shares are held in street name and you do not provide voting instructions to the bank, broker or other nominee that holds your shares as described above under “How Do I Vote?,” the bank, broker or other nominee has the authority to vote your unvoted shares on Proposals 1 and 2, even if it does not receive instructions from you. We encourage you to provide voting instructions. This ensures your shares will be voted at the meeting in the manner you desire. If your broker cannot vote your shares on a particular matter because it has not received instructions from you and does not have discretionary voting authority on that matter or because your broker chooses not to vote on a matter for which it does have discretionary voting authority, this is referred to as a “broker non-vote”.

### What Vote is Required to Approve Each Proposal and How are Votes Counted?

#### Proposal 1: Elect Directors

The nominees for director who receive the most votes (also known as a “plurality” of the votes) will be elected. You may vote either FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one or more of the nominees. Votes that are withheld will not be included in the vote for the election of directors. Brokerage firms have authority to vote customers’ unvoted shares held by the firms in street name for the election of directors. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote.

#### Proposal 2: Ratify Selection of Auditors

The affirmative vote of a majority of the votes cast affirmatively or negatively for this proposal is required to ratify the selection of independent auditors. Abstentions have no effect on the results of this vote. Brokerage firms have authority to vote customers’ unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent accountants. However, if our stockholders do not ratify the selection of Ernst & Young LLP as our independent accountants for 2009, our Audit Committee of our Board of Directors will reconsider its selection.

### Is Voting Confidential?

We will keep all the proxies, ballots and voting tabulations private. We only let our Inspectors of Election, BNY Mellon Investor Services, examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere.

### What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies. Our directors and employees may solicit proxies in person or by telephone, fax or email. We will pay these employees and directors no additional compensation for these services. We will ask banks, brokers and other institutions, nominees and fiduciaries to forward these proxy materials to their principals and to obtain authority to execute proxies. We will then reimburse them for their expenses.

### What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at the meeting is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

### Attending the Annual Meeting

The Annual Meeting will be held at 2:00 p.m. Eastern Time, on Tuesday, June 9, 2009 at the offices of HealthpointCapital, LP, which are located at 505 Park Avenue, 12<sup>th</sup> Floor, New York, NY 10022. When you arrive at HealthpointCapital, LP signs will direct you to the appropriate meeting room. You need not attend the Annual Meeting in order to vote.

### Householding of Annual Disclosure Documents

In December 2000, the Securities and Exchange Commission adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy statement to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. This practice, referred to as “householding,” benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports, proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be “household,” the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each stockholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive your own copy, please contact our transfer agent, BNY Mellon Investor Services, by calling their toll free number, 1-866-265-1875.

If you do not wish to participate in “householding” and would like to receive your own set of the annual disclosure documents in future years, follow the instructions described below. Conversely, if you share an address with another Alphatec Holdings, Inc. shareholder and together both of you would like to receive only a single set of our annual disclosure documents, follow these instructions:

- If your shares are registered in your own name, please contact our transfer agent, BNY Mellon Investor Services, and inform them of your request by calling them at 1-866-265-1875 or writing them at 480 Washington Ave., Jersey City, NJ 07310.
- If a broker or other nominee holds your Alphatec Holdings, Inc. shares, please contact the broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

## **COMPENSATION DISCUSSION AND ANALYSIS**

We have prepared the following Compensation Discussion and Analysis, or CD&A, to provide you with information that we believe is necessary to understand our executive compensation policies and decisions as they relate to the compensation of our Named Executive Officers (as defined herein).

### **Compensation Discussion and Analysis**

#### *Compensation Philosophy and Objectives*

We are engaged in a very competitive industry, and our success depends upon our ability to attract and retain qualified executives. Accordingly, our compensation arrangements must be competitive. The Compensation Committee's intent is generally to target salaries, annual incentives and long-term incentive grant values at a range that is competitive with programs offered by other companies against whom we compete for personnel. The Compensation Committee's decisions are based upon a philosophy of pay for performance, with an individual's experience, potential and contribution to our business determining his or her actual compensation. The Compensation Committee administers the compensation programs for our executive officers, considering this competitive environment, but also believes that the compensation paid to our executive officers should be dependent upon our financial performance and the value that we create for our stockholders. For this reason, the Compensation Committee's philosophy is to structure our compensation programs to provide meaningful incentives for the attainment of specific financial objectives and to reward those executive officers who make substantial contributions to the attainment of those objectives, and to link executive officer compensation with performance.

The Compensation Committee's objectives are to:

- attract, retain, and motivate talented executives responsible for the success of the organization;
- provide compensation to executives that is externally competitive, internally equitable and performance-based; and
- ensure that total compensation levels are reflective of company and individual performance and provide executives with the opportunity to receive above market total compensation for exceptional business performance.

### **Compensation Process and Benchmarking**

#### *Compensation Process*

Pursuant to its charter, the Compensation Committee has responsibility for, among other things, discharging the Board's responsibilities relating to compensation and benefits of our executive officers, including responsibility for evaluating management performance, officer compensation and benefits plans and programs. In carrying out these responsibilities, the Compensation Committee is required to review all components of executive officer compensation for consistency with our compensation philosophy.

In 2008, we hired several new executive officers, namely Mr. Asai, the President of Alphatec Pacific, and Mr. Wulff, our Chief Financial Officer, Vice President and Treasurer. With respect to each of such individuals, their compensation for 2008 was determined during arms-length negotiations with our President and CEO. With respect to all of such hires, the Compensation Committee approved the compensation terms set forth in such individual's employment agreement prior to their hire.

Beginning in 2008, the processes followed by the Compensation Committee in setting executive compensation have changed. As requested by the Compensation Committee, our President and CEO presents individual performance review summaries, proposed annual salary increases and long-term incentive grant recommendations for the other executive officers to the members of the Compensation Committee. The

---

## Table of Contents

Compensation Committee reviews the information and either approves the recommendation or makes changes at its discretion. The Compensation Committee makes its own assessment of Mr. Kuyper based on our financial performance, his compensation compared to CEOs in our peer group, the components of his compensation and his total compensation level. The Compensation Committee then approves Mr. Kuyper's compensation or makes changes at its discretion.

The Compensation Committee does not maintain formal, written executive compensation policies. Our President and CEO, working with our Vice President, Human Resources and our General Counsel, Vice President and Secretary engaged a consultant in 2008 as described below under "Benchmarking" and plans to continue using a consultant with respect to the recommendations he makes to the Compensation Committee. Except to the extent described under "Benchmarking," the Compensation Committee has not relied on formulas or specific analysis in determining levels and mixes of compensation but rather has relied on its members' subjective but reasonable, good faith judgment based on their years of experience both with us and with other companies they have been involved with in their professional careers.

In 2008, our President and CEO, provided recommendations to the Compensation Committee regarding financial goals and criteria for our annual bonus plans. These criteria and targets were based upon our operating plan for the 2008 fiscal year, as approved by the Board. The corporate performance metrics under the bonus plan as approved by the Compensation Committee included attainment of adjusted EBITDA and revenue targets.

### *Benchmarking*

In 2008, we retained Remedy, to assist us and the Compensation Committee in structuring our executive compensation policies and plans for 2008, focusing on total cash compensation (base salary plus annual cash incentives) and long-term equity incentives. Under this system, Mr. Kuyper assigns a total target compensation range to a particular executive officer after considering various factors under the major categories of job demands, knowledge, level of responsibility and the total target compensation paid by our peer group. Mr. Kuyper used input from Remedy in assigning total target compensation amounts in 2008, and we anticipate that a similar exercise will be employed in the future. With respect to our executive officers, all of Mr. Kuyper's total target compensation recommendations are reviewed and approved by the Compensation Committee.

Remedy evaluated the total targeted compensation of our executive officers by comparing our information to published compensation survey data from companies in our industry or similar industries with annual revenues similar to those of ours, our peer group consists of the following companies: Nuvasive, Orthofix, Trans1, Exactech, Symmetry Medical, Orthovita, Osteotech, RTI Biologics, Wright Medical Group, Cynosure, Staar Surgical, Symetry Medical and Volcano Corp. The survey data included information on job duties, and target and actual total compensation at the median and 75<sup>th</sup> percentiles. Mr. Kuyper and the Compensation Committee generally consider total targeted compensation to be within the market competitive range if total targeted compensation was between the median and 75<sup>th</sup> percentile.

### **Elements of Compensation and How Each Element is Chosen**

As indicated above, compensation elements for our executive officers are designed to attract and retain individuals with exceptional ability for these key roles in a very competitive market for such talent. Certain elements of compensation serve other important interests. For example, annual incentive pay is designed to motivate the executive officers to attain our vital short-term goals. Long-term incentive pay in the form of equity awards vesting over a number of years aligns the executive officer interest with that of shareholders in seeing long-term increases in the value of our shares. The main compensation elements for our executive officers (salary, annual incentive, long-term incentive, and other benefits and perquisites) are described in more detail below.

For fiscal year 2008, each executive officer's compensation generally consisted of three elements: (i) base salary, (ii) cash bonus based upon our attainment of pre-established objectives; and (iii) long-term stock-based incentive awards designed to align the interests between our executive officers and our shareholders.

---

## Table of Contents

### *Base Salaries*

The President and CEO review the base salaries of the executive officers and determine whether any changes are appropriate for the next fiscal year. During such review, the President and CEO take multiple factors into consideration. Base salaries of the executive officers are targeted at a competitive market median based on each respective position with individual variations explained by differences in experience, skills and sustained performance. In addition, Mr. Kuyper reviewed the data received from Remedy to determine the competitive position of our compensation levels, and targeted base salary for each executive officer at least the median percentile, depending on the specific position, of the compensation of similarly-situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives. Following such evaluation, the President and CEO makes recommendations to the Compensation Committee for such executive's compensation for such fiscal year. Based on such evaluation, for fiscal 2008 Mr. Garner received an increase in his base salary effective May 2008 from: \$215,000 to \$230,000 and Mr. Lubischer's base salary was reduced from \$275,000 to \$250,000. The President and CEO determined that since all of the remaining executive officers had been employed for less than a year that a salary increase was not warranted. In June 2008, the Compensation Committee conducted a review of Mr. Kuyper's annual compensation package and increased his base salary from \$350,000 to \$375,000.

### *Annual Incentive Compensation*

Executive officers are eligible for incentive compensation annually under our non-shareholder-approved bonus plan. Within this plan, the Compensation Committee establishes annual incentive compensation that is based upon target awards expressed as a percentage of each executive's base salary. Payments under the bonus plan are determined based upon our performance against pre-established financial targets.

### *2008 Annual Incentive Compensation*

Under the bonus plan approved in 2008, cash bonuses were to be paid to executive officers based upon our achievement of certain revenue and EBITDA targets and the executive's achievement of certain individual goals. Except with respect to Mr. Lubischer, 75% of each executive's target bonus amount was predicated upon our financial performance, and 25% of each executive's target bonus amount was predicated upon the executive's achievement of certain individual goals. The financial goals were generated in accordance with the 2008 operating plan that was approved by the Board of Directors. Mr. Lubischer's bonus targets are based upon the achievement of certain revenue targets. The Compensation Committee approved all financial criteria for the awarding of such cash bonuses and the President and CEO presented the financial criteria to the executive officers for their confirmation of the achievability of such criteria.

In 2008 we did not achieve the financial targets that entitled any employee to that portion of their bonus that was based upon the achievement of such targets despite the fact that the executive officers believed such targets to be achievable had we achieved all of our strategic goals for 2008. Accordingly, except with respect to Mr. Lubischer, all of the executive officers were only entitled to receive all or a portion of the 25% of their target bonus amount that was based upon the achievement of certain individual goals. Our President and CEO performed an analysis of the performance of each executive officer and made a recommendation to the Compensation Committee with respect to the amount of such bonus that should be paid based upon such executive officer's achievement of such executive officer's individual goals. With respect to Mr. Kuyper, the Compensation Committee performed this evaluation and bonus determination. Mr. Lubischer's bonus with respect to the 2008 fiscal year was paid in the first quarter of 2009 and was paid pursuant to the 2008 bonus plan that had been put in place for Mr. Lubischer.

### *Equity Compensation Awards*

Equity compensation has traditionally been an important element of our executive compensation program, aligning the interests of our executives with those of our stockholders. Because the value of the equity awards

---

## Table of Contents

will increase only when we perform and increase stockholder value, the grant of such equity awards provides long-term incentives to the recipients thereof, including our executive officers. These awards not only serve to align the executives' interests with those of the stockholders over an extended period of time, but because they also generally are subject to vesting in connection with continued service to us over a specified period of time, these awards serve as an additional retention mechanism. The Compensation Committee believes that both of these elements are important factors in executive compensation.

### *New Hire Grants*

Generally, we grant equity awards to our new employees, including our executive officers, in connection with the start of their employment. At the time of the hiring of any executive officer, equity compensation generally is negotiated between such officer and us. Generally, such negotiations are conducted by our President and CEO on our behalf. The Compensation Committee approves such negotiated equity compensation for newly hired executive officers. Such compensation was determined based upon available information concerning the competitive packages offered to executives in similar jobs at companies with which we are competitive for personnel, but were not established based upon any formal survey or other comparative data. In addition, the President and CEO often adjusts such initial equity compensation grants as deemed appropriate to attract or retain specific candidates based on their experience, knowledge, skills and education and our needs. Other than with respect to the restricted stock granted to Mr. Kuyper, which vests quarterly over the course of four years, annual equity grants made to executive officers vest annually over either four or five years following the date of grant in equal installments on the anniversary of the date of grant, subject to the officer's continued employment with us. In 2008, the following new hire equity grants were made following the promotion or hiring of an executive officer: stock options to purchase 75,000 shares to Mr. Asai, and stock options to purchase 150,000 shares to Mr. Wulff.

### *Annual Equity Grants*

Starting in 2007, we granted each executive officer an additional stock option grant on an annual basis, with the goal of providing continued incentives to retain strong executives and improve corporate performance. In July 2008, the President and CEO made a recommendation to our Compensation Committee regarding whether any equity incentive grant was appropriate for an executive officer and the amount of such grant. The Compensation Committee approves such annual equity grant for executive officers. In reaching their decision the President and CEO and the Compensation Committee considered each individual's experience, the scope of such individual's responsibilities, his or her performance in the applicable role, and his or her expected future contribution to our goals and stockholder value, in deciding to make grants for fiscal 2008. In July 2008, each of Messrs. Asai, Garner, Lubischer and Wulff received stock options to purchase 10,000; 15,000; 15,000; and 25,000 shares, respectively, of our common stock as part of a stock option grant that was made to all key employees. In June 2008, the Compensation Committee granted Mr. Kuyper 150,000 stock options to purchase our common stock. In May 2008 the Compensation Committee approved a grant of 10,000 shares of restricted common stock to Mr. Lubischer following a change to Mr. Lubischer's base salary. The amount of the grant was determined after consultation with a compensation consultant so as to ensure that the grants were comparable to similarly-situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives. Merit based annual equity grants made to executive officers generally vest annually over the four years following the date of grant in equal installments on the anniversary of the date of grant, subject to the officer's continued employment with us.

### *Equity Grants Made in March 2009*

In March 2009 the Compensation Committee approved the issuance of stock options in the following amounts to the executive officers: Mr. Kuyper, 50,000 shares, each of Messrs. Wulff and Stott, 25,000 shares, and each of Messrs. Garner and Timm, 20,000 shares. These amounts were granted to the executives as an additional bonus amount based on the Compensation Committee's belief that despite the fact that we did not

reach our EBITDA and revenue targets, we achieved certain other important milestones in 2008. These issuances were not made pursuant to the bonus plan that was approved for 2008. These grants vest annually over the four years following the date of grant in equal installments on the anniversary of the date of grant, subject to the officer's continued employment with us.

### *Other Compensation*

We maintain broad-based benefits and perquisites that are provided to all employees, including health insurance, life and disability insurance, dental insurance, an employee stock purchase plan, and a 401(k) plan. We make matching contributions to all employees, including our executive officers to our 401(k) plan. We also provide our President and CEO and all sales employees, including Mr. Lubischer, with a monthly automobile allowance. In particular circumstances, we also utilize cash signing bonuses when certain executives and senior non-executives join us. Such cash signing bonuses are typically repayable in full to us if the recipient voluntarily terminates employment with us prior to the first anniversary of the date of hire. Whether a signing bonus is paid and the amount thereof is determined on a case-by-case basis under the specific hiring circumstances. For example, we have paid and will consider paying cash bonuses to compensate for amounts forfeited by an executive upon terminating prior employment. In addition, we may assist with certain expenses associated with an executive joining and maintaining their employment with us. For example, in 2008, agreed to reimburse our Vice President, Research and Development for certain housing costs and/or expenses for relocation for similar expenses. In addition, in 2008 we agreed to reimburse our President, Alphatec Pacific, for rental expenses related to an apartment close proximity to our corporate office in Japan, expenses related to the purchase of workman's accident compensation insurance, and travel expenses between Tokyo, Japan and Osaka, Japan. We have also provided reimbursement compensation for the taxes associated with these benefits. We believe these forms of compensation create additional incentives for an executive to join us in a position where there is high market demand. These forms of compensation are typically structured to not exceed certain monetary amounts and/or time period.

Our Compensation Committee agreed to severance packages for our named executive officers as part of the negotiations with each of these executive officers to secure his services. Our Compensation Committee approved the severance packages based on their experience serving on boards of directors and compensation committees of companies of a similar size and stage of development to us and their familiarity with severance packages offered to executive officers of such companies. Based on this knowledge, experience and information, we believe that the respective severance periods and provision of medical and similar benefit programs during such severance periods are both reasonable and generally in line with severance packages negotiated with executive officers of similarly situated companies.

## Table of Contents

Other than as described above, all option awards granted to our Named Executive Officers were granted pursuant to our Amended and Restated 2005 Employee, Director and Consultant Stock Plan and vest annually from the grant date in either four or five equal installments of 25% or 20%, respectively. All option grants have a term of ten years. All option grants that were issued prior to December 13, 2007 have an exercise price equal to the closing price of our common stock on the day prior to the date of grant. All option grants that were issued after December 13, 2007 have an exercise price equal to the closing price of our common stock on the date of grant. All unvested restricted share awards are subject to repurchase rights within 12 months of termination, and in certain instances vested restricted share awards are subject to repurchase within 12 months of termination.

Pursuant to our restricted stock agreements and stock option agreements with our executive officers, in the event of a change in control, as defined in our Amended and Restated 2005 Employee, Director and Consultant Stock Plan, the vesting of outstanding restricted stock grants and stock option awards held by these executive officers will accelerate in connection with a change in control, without regard to whether the Named Executive Officer terminates employment in connection with or following the change in control.

Generally, a “change in control” shall occur on the date that: (i) any one person, entity or group acquires ownership of capital stock of us, together with our capital stock already held by such person, entity or group, constitutes more than 50% of the total fair market value or total voting power of our capital stock; provided, however, if any one person, entity or group is considered to own more than 50% of the total fair market value or total voting power of our capital stock, the acquisition of additional capital stock by the same person, entity or group shall not be deemed to be a change of control; (ii) a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or (iii) any one person, entity or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person, entity or group) assets from us that have a total gross fair market value at least equal to 80% of the total gross fair market value of all of the assets of us immediately prior to such acquisition or acquisitions.

Under the bonus plan approved in 2008, cash bonuses were to be paid to executive officers based upon our achievement of certain revenue and EBITDA targets and the executive’s achievement of certain individual goals. Except with respect to Mr. Lubischer, 75% of each executive’s target bonus amount was predicated upon our financial performance, and 25% of each executive’s target bonus amount was predicated upon the executive’s achievement of certain individual goals. The financial goals were generated in accordance with the 2008 operating plan that was approved by the Board of Directors. Mr. Lubischer’s bonus targets are based upon the achievement of certain revenue targets. The Compensation Committee approved all financial criteria for the awarding of such cash bonuses and the President and CEO presented the financial criteria to the executive officers for their confirmation of the achievability of such criteria.

In 2008 we did not achieve the financial targets that entitled any employee to that portion of their bonus that was based upon the achievement of such targets despite the fact that the executive officers believed such targets to be achievable had we achieved all of our strategic goals for 2008. Accordingly, except with respect to Mr. Lubischer, all of the executive officers were only entitled to received all or a portion of the 25% of their target bonus amount that was based upon the achievement of certain individual goals. Our President and CEO performed an analysis of the performance of each executive officer and made a recommendation to the Compensation Committee with respect to the amount of such bonus that should be paid based upon such executive officer’s achievement of such executive officer’s individual goals. With respect to Mr. Kuyper, the Compensation Committee performed this evaluation and bonus determination. Mr. Lubischer’s bonus with respect to the 2008 fiscal year was paid in the first quarter of 2009 and was paid pursuant to the 2008 bonus plan that had been put in place for Mr. Lubischer.

In 2008 base salary and bonus payments for each of Messrs. Kuyper, Wulff, Lubischer, Asai and Garner represented 39.9%, 72.6%, 76.1%, 80.6%, 74.7%, of their total compensation, respectively.

date, and a “gross up” related to any taxes incurred in connection with such COBRA payments. In the event that Mr. Kuyper’s employment is terminated due to either his death or disability, we are required to pay Mr. Kuyper (or his estate, as the case may be) an amount equal to Mr. Kuyper’s target bonus for the fiscal year in which such termination occurred (with such amount pro-rated based on the date of termination). In addition, in the event of termination due to death or disability, any unvested stock options and restricted stock awards held by Mr. Kuyper shall become fully vested and not subject to forfeiture or repurchase.

In the event that Mr. Lubischer is terminated without cause, he is entitled to receive as severance compensation his base salary for a period of at least three, but not more than 12 months, with such period being determined by us based on our desired length of the period of noncompetition, a payment for any accrued but unused vacation days, and payment of, or reimbursement for, the continuation of his health and dental insurance coverage pursuant to COBRA for the period in which he is receiving severance, and a “gross up” related to any taxes incurred in connection with such COBRA payments. Pursuant to our restricted stock agreements and stock option agreements with our executive officers, in the event of a change in control, as defined in our Amended and Restated 2005 Employee, Director and Consultant Stock Plan, the vesting of outstanding restricted stock grants and stock option awards held by these executive officers will accelerate in connection with a change in control, without regard to whether the Named Executive Officer terminates employment in connection with or following the change in control.

Generally, a “change in control” shall occur on the date that: (i) any one person, entity or group acquires ownership of capital stock of us, together with our capital stock already held by such person, entity or group, constitutes more than 50% of the total fair market value or total voting power of our capital stock; provided, however, if any one person, entity or group is considered to own more than 50% of the total fair market value or total voting power of our capital stock, the acquisition of additional capital stock by the same person, entity or group shall not be deemed to be a change of control; (ii) a majority of members of the Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or (iii) any one person, entity or group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person, entity or group) assets from us that have a total gross fair market value at least equal to 80% of the total gross fair market value of all of the assets of us immediately prior to such acquisition or acquisitions.

**REPORT OF AUDIT COMMITTEE FOR THE YEAR ENDED DECEMBER 31, 2008**

The Audit Committee of the Board, which consists entirely of directors who meet the independence and experience requirements of the rules promulgated by the Securities and Exchange Commission and the NASDAQ Stock Market has furnished the following report:

The Audit Committee assists the Board in overseeing and monitoring the integrity of our financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee’s role and responsibilities are set forth in its charter adopted by the Board, which is available on our website at [www.alphatecspine.com](http://www.alphatecspine.com). This committee reviews and reassesses its charter annually and recommends any changes to the Board for approval. The Audit Committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of Ernst & Young LLP. In fulfilling its responsibilities for the financial statements for fiscal year ended December 31, 2008, the Audit Committee took the following actions:

- Reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2008 with management and Ernst & Young LLP, our independent auditors;
- Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, relating to the conduct of the audit; and
- Received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by PCAOB Ethics and Independence Rule 3256, “Communication with Audit Committee Concerning Independence.” The Audit Committee further discussed with Ernst & Young LLP their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee’s review of the audited financial statements and discussions with management and Ernst & Young LLP, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 for filing with the Securities and Exchange Commission.

Wulff, Desai, Asai and Timm, and reports reflecting a change in beneficial ownership were filed late by the Company on behalf of each of the following: Ms. Marshall and each of Messrs. **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

**Financial Advisory Service, Rental and Other Payments and Agreements**

Our Board has agreed to reimburse Foster Management Company, which is owned by Mr. Foster, \$4,000 per flight hour for the use of its aircraft when Mr. Foster or Mr. Berkowitz travels for our business purposes. Based upon a competitive analysis of comparable leased aircraft, our Board determined that this hourly reimbursement rate is at or below market rates for the charter of similar aircraft. We reimbursed Foster Management Company approximately \$0.1 million for travel in 2008.

In 2005, we and Alphatec Spine entered into an agreement with Dr. Stephen H. Hochschuler, who become one of our directors in October 2006, pursuant to which Dr. Hochschuler agreed to serve as the Chairman of our Scientific Advisory Board. Pursuant to the agreement we pay Dr. Hochschuler for attending Scientific Advisory Board meetings and he received equity compensation in connection with the agreement. In October 2006, we and Alphatec Spine entered into a Consulting Agreement with Dr. Hochschuler. Pursuant to the terms of the agreement, we agreed to appoint Dr. Hochschuler to our and Alphatec Spine's Board of Directors until the next annual meeting of each of its stockholders or until his successor is duly appointed and qualified. Pursuant to the agreement, Dr. Hochschuler is required to provide advisory services to us related to the spinal implant industry and our research and development strategies. The agreement has a three-year term. In return for such advisory services, we are obligated to pay Dr. Hochschuler cash and equity compensation. In 2008, we paid an aggregate of \$0.3 million to Dr. Hochschuler pursuant to these agreements.

**Related Party Transaction Policies**

Our officers, directors and affiliates will be required to obtain Audit Committee approval for any proposed related party transactions. In addition, our code of conduct requires that each director, officer and employee must do everything he or she reasonably can to avoid conflicts of interest or the appearance of conflicts of interest. The code of conduct states that a conflict of interest exists when an individual's private interest interferes in any way with our interests and sets forth a list of broad categories of the types of transactions that must be reported to our compliance officer. Under the code of conduct, we reserve the right to determine when an actual or potential conflict of interest exists and then to take any action we deem appropriate to prevent the conflict of interest from occurring.

**INDEPENDENT PUBLIC ACCOUNTANTS**

**(Notice Item 2)**

The Audit Committee has appointed Ernst & Young LLP, independent public accountants, to audit our financial statements for the fiscal year ending December 31, 2009. The Board of Directors proposes that the stockholders ratify this appointment. Ernst & Young LLP audited our financial statements for the fiscal year ended December 31, 2008. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services rendered by Ernst & Young LLP for the audit of the Company’s annual financial statements for the years ended December 31, 2008, and December 31, 2007, and fees for other services rendered by Ernst & Young LLP during those periods.

	Fiscal Year 2008	Fiscal Year 2007

- (3) Tax Fees represent professional services provided in connection with Section 382 tax compliance.

**Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors**

Consistent with Securities and Exchange Commission’s policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year’s audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the review of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

---

## Table of Contents

3. **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. **Other Fees** are those associated with services not captured in the other categories. We generally do not request such services from the independent auditor.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

In the event the stockholders do not ratify the appointment of Ernst & Young LLP as our independent public accountants, the Audit Committee will reconsider its appointment.

The affirmative vote of a majority of the votes cast affirmatively or negatively for this proposal at the Annual Meeting is required to ratify the appointment of the independent public accountants.

**The board of directors recommends a vote to ratify the appointment of Ernst & Young LLP as independent public accountants, and proxies solicited by the board of directors will be voted in favor of such ratification unless a stockholder indicates otherwise on the proxy.**

**CODE OF CONDUCT AND ETHICS**

We have adopted a code of conduct that applies to all of our employees, including our Chief Executive Officer and Chief Financial Officer.
